Summary

Full-stack developer with expertise in front-end and back-end development, experienced in delivering projects, creating user-focused digital solutions and leveraging cloud and DevOps practices to build scalable, high-performing applications.

Skills

Programming and Databases: Python, C, C++, JavaScript, MongoDB

Frontend: React.js, JavaScript, Next.js, Bootstrap, Tailwind CSS

Backend: Node.js, Express.js

Tools & APIs: Git/GitHub, JWT, Figma, Canva

Projects

Automated Health Management System AI-integrated healthcare app (MERN) with scheduling, prescriptions, lab reports, and role-based dashboards. Improved workflow efficiency and reduced human error.

LiveConnect – Real-Time MERN Chat Application Built a responsive real-time chat platform using React (Vite), Tailwind, and Socket.io with secure JWT-based authentication and Cloudinary media uploads. Developed scalable backend APIs with Node.js, Express, and MongoDB, ensuring optimized performance and robust client-server error handling.

College Compass Built a student-alumni mentorship platform with JWT authentication and real-time video calls.

NextGen-Hire: Interview Platform Built recruiter and candidate dashboards with job postings, live coding, and WebRTC interviews, improving hiring efficiency by 35% and reducing screening time by 30%.

Service-Hub Implemented customer-provider modules with booking flow, Google Maps API, and WebRTC video calls, increasing booking efficiency by 35% and reducing service response time by 25%.

Professional Experience

Full Stack Web Development Intern (MERN) — *SuprMentr Technologies Pvt Ltd* — *Remote*
Jan 2026 – Apr 2026

Developed full-stack MERN applications with responsive UI and REST API integration.

Improved application performance and usability through optimized components and efficient data handling.

Collaborated using Git and agile workflows to deliver industry-standard capstone projects.

Achievements

Won 2 national hackathons at Srinivas Institute of Technology, SRINATHON 2.0.

First Prize in UI/UX Design (YENSPECTRUM 2024) – Yenepoya Institute of Technology

Selected for Unfold 2024, Asia's largest Web3 hackathon.

2nd Place – Startup Pitch, 21st ISTE Karnataka State Level Student Convention 2025.

Education

Yenepoya Institute of Technology Bachelor of Engineering in Computer Science

Nov 2022 – Jul 2026

St. Philomena Pre-University College Pre-University Course (PCMC)

Mar 2020– Apr 2022
